Its efforts have always been in the direction of an honest, just financial system. It is the great exponent of individual freedom and personal liberty. It advocates the right to buy where you can buy the cheapest, and to sell in the most profitable markets. It struggles to develop true national industry. It throws its protecting arm around the weak, poor and needy. It lifts its voice against the onward march of monopolistic power. It discourages conditions that produce tramps. It warns the nations of the earth to keep hands off when they talk of extending their force and territory in America. It is essentially a party of broad principles. It did not territory in America. It is essentially a party of broad principles. It did not a party of broad principles. It did not come into existence to propagate a single idea and then search for a new excuse to live. Its principles are as firm and as fixed in the nation as the tooks which 'gird her thousand hills.' It has lost in many a political conflict; its mottoes and its principles have off times been torm down and trampled in the dust, only to rise again triumphant, when the din at the polls had cased, and the smoke and the roar and the clamor of oratorical sophistry, pamphlet falsehood, party zeal and platform evasions have faded away. It was not born to die. Its party leaders look far out into the great future and prefer to relinquish their temporary victory, when it comes at the expense of the people's libertles."

NEW YORK, May 20.—A special to the Heraid from London says:

It is learned on the highest authority that the Armenian question is about to enter a new phase. At this moment a movement is on foot here, in Paris and in Brussels in favor of a reconciliation of the Armenians with Turkey. There is every reason to believe this movement has been started with the consent of the suitan. His majesty his been vividiy impressed by the regretable state of affairs in Anatolia created by the sold events of the past year. It is necessary, however, that the well intentioned section of Armenians should come forward honestly and endeavor to forget the past and boldity make an appeal to the personal sentiments of the suitan, in other words, grasp the suitan words and wiss the suitan words and wiss the suitan words are suitant words. The suitant words are suitant words and wiss the suitan words and wiss the suitant words and wiss the sui

Convention Relative to Bolting.

(Special to The Heraid.) CHEYENNE, Wyo., May 20 .- A number of delegates to the state Democratic convention, which meets tomorrow at Laramie, have reached here. Indications point to an attendance of about 60 per cent of the 104 delegates ern counties having each sent proxies in charge of one member of the delegation. Every county in the state has passed resolutions instructing delegates to vote for a free colnage delexation to the national convention and for a free There will be no contest on this point, There may, however, be a lively fight

upon the question of adopting instruc-

tions to the national delegation rela-

tive to bolting. The extreme free silver advocates are in favor of sending a delegation instructed to holt if the national convention does not declare unequivocally for free silver. There is on the opposite side a strong feeling against bolting under any circumstances. There is likely to be a contest for the selection of a national committeeman. Ex-Governor Osborne and W. H. Holliday are the opposing candidates for the place. Osborne's friends base his claims upon the ground that he is the leader of the party in the state, and is one of the most active of the free silver advocates. Holliday's friends contend that as Oeborne absolutely refused to accept the nomination for governor at the last election, and refused to take any place upon the state ticket, he for-feired his claims to any hotors that are now to be bestowed. That Holli-day, who accepted the gubernatorial nomination, and led the forlars hope nomination, and led the forform hope of the party, is entitled to the place. Holliday, too, is a strong free silver man. The delegation to Chicago will probably be M. F. Black, Sheridan county; H. Rasmussen, Carbon county; John Gammon, Ulnia; Meyer Frank, Weston; W. H. Holliday, Albany, and Colin Hunter, Laramie county.
